Happy Fourth of July

To Our Community,

We hope this message finds you in high spirits as we gear up to celebrate the 4th of July. Morgan Creek Digital extends a joyous and memorable Independence Day to you and your families.

As we approach the holiday, a day that holds immense significance for our nation, we are reminded of the values that underpin our country: prosperity and freedom. At Morgan Creek Digital, we share these values and believe that disruptive technologies like AI and blockchain can potentially unlock new opportunities for wealth creation and freedoms by revolutionizing industries, democratizing access to information, and empowering individuals to take control of their data and decisions.

We have arranged an exciting podcast episode to commemorate this momentous occasion, which discusses the four pillars of Morgan Creek Digital's investment thesis. Digital Currents. *The ABCD's of the Digital Age: AI, Blockchain, Chips, and Big Data.*

Show Description:

This podcast highlights the rapid pace of change in the digital age and the potential for value creation despite a decline in overall tech investment. Tech investments are typically cyclical, and innovation potential can be heightened during periods of economic dislocation. Hosts Xavier Segura and Mark Yusko discuss Morgan Creek Digital's journey including investment strategies and opportunities within a dynamic landscape. In honor of the fourth of July holiday, they devote some time to thinking big and share the "ABCDs of the Digital Age," which encompasses four pillars: AI, blockchain, computing infrastructure (chips), and big data. Morgan Creek Digital seeks investment prospects at the intersection of these pillars. Through their experience and insightful conversations, Xavier and Mark highlight how the combination and advancement of ABCD may change how our world functions.
